Ouachita Baptist University

08/2001 - 12/2005

Music Theory / Guitar

Atlanta Institute of Music

Duluth, Georgia

SUMMARY

Being creative while concentrating on the big picture of new technologies, concepts and user interaction is so rewarding. I've been crafting applications since the late '90s, with my roots planted in both graphic design and web development. So I see both sides of the online spectrum.

TECHNOLOGIES

Frontend Development
